

Nathan Hicks - 38

“ I always thought I would go into my family’s plumbing business growing up, but I ended up working for a major hospital in the state. A lot of people may not realize how important plumbing is in a place like that. We not only work on systems for sanitation but also medical gas and water supply systems that have to meet strict health and safety regulations. ”

Occupation:

Plumber

Salary:

\$51,400
